**IN THE JOB MARKET OF THE STATE OF ARIZONA  
IN AND FOR THE COUNTY OF MARICOPA**

In re the Application of:

Case No. **HR2019-05-13**

MATTHEW L MANSFIELD,

Applicant,

and

KENNETH W SEIDBERG,

Employer

**PETITION TO OBTAIN THE SYSTEM  
ADMINISTRATOR POSITION**

(Assigned to the Seidberg Law Offices, P.C.)

**THE FOLLOWING IS MADE UNDER OATH OR BY AFFIRMATION:**

Matthew L Mansfield ("Applicant") **HEREBY** submits this Petition to Obtain the System Administrator Position ("Petition" or "Cover Letter") based on the following events, facts, and information:

**PARTIES, JURISDICTION AND VENUE**

1. Applicant is a citizen of the United States and a resident of Arizona.
2. On 05/08/2019, Seidberg Law Offices, P.C. posted, on Craigslist, that there was an

employment vacancy for “System Administrator (Biltmore Area) (2412 E. Campbell Ave  
Phoenix AZ)” (“Job Opening”)(see Exhibit 1).

3. The Seidberg Law Offices, P.C. has subject matter and *in personam* jurisdiction over this action and its parties pursuant to employment law.
4. Venue is proper in Maricopa County as the work will be carried out within its boundaries.

### **FACTS COMMON TO CLAIM**

This Job Opening has listed under “Responsibilities” that the following are expected:

*“Install and configure software and hardware*

*Manage network servers and technology tools*

*Setup accounts and workstations*

*Monitor performance and maintain systems according to requirements*

*Troubleshoot issues and outages*

*Ensure security through access controls, backups and firewalls*

*Upgrade systems with new releases and models as needed*

*Train staff on new technologies and security concerns*

*Document technical manuals and IT policies”*

Upon reading the aforementioned, combined with the “Requirements” section, Applicant paused, with his *mouth open*, and (after looking to the lower right corner of his computer screen to check the time real quick because he was afraid he had been surfing the web too long and *possibly* burnt the lemon garlic tilapia in the oven) dramatically whispered, “Holy Toledo, I think this may be my dream job”. Naturally, this is because Applicant is awesomely qualified (see Exhibit 2), has aspirations to attend law school (to specialize in corporate/technology law), and said Job Opening combines Applicant’s training and experience perfectly. **NEVERTHELESS**, it was at

that point, Applicant began wracking his brain to come up with a clever way to make Employer consider Applicant above the other candidates; which lead Applicant to lean on his more “outside-the-box” approach to life, hence, this Petition-styled cover letter.

**THEREFORE**, all things considered, Applicant is beyond confident that if his style, approach, and *Je Ne Sais Quoi* are a good match for the Seidberg Law Offices, P.C., then Applicant may hear back real soon!

These things are **HEREBY** respectfully submitted this **13<sup>th</sup>** day of **May, 2019**.
